Car Park Safety

Please keep your child with you at all times in the carpark.

Entry & Exit Gates

The gates are an important part of safety at kindy. We appreciate your cooperation with the following:

- Please ensure that only adults are unlatching the gates upon arrival and departure.
- Do not allow your child to stand and/or swing on our gate, as this damages the latch.

Directors Report

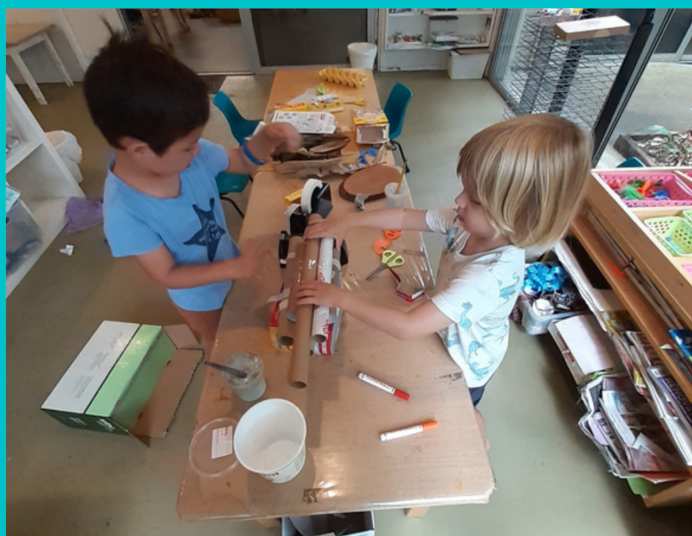

As the year gets under way the Educators are focused on ensuring all the children have a smooth transition into kindy and that the returning children are keen to continue exploring kindy. Our main focus is on developing positive routines that allow children to access the program and start to develop their independence, which starts on day one as they unpack their own bags. Educators are spending time getting to know the children. Discovering each child's abilities, interests and ideas will mold the program as the year gets underway. It has only been 3 weeks but already friendships are forming and play ideas and creativity are flowing.
